

H20X User Guide

Version 2.0

H20X[®]

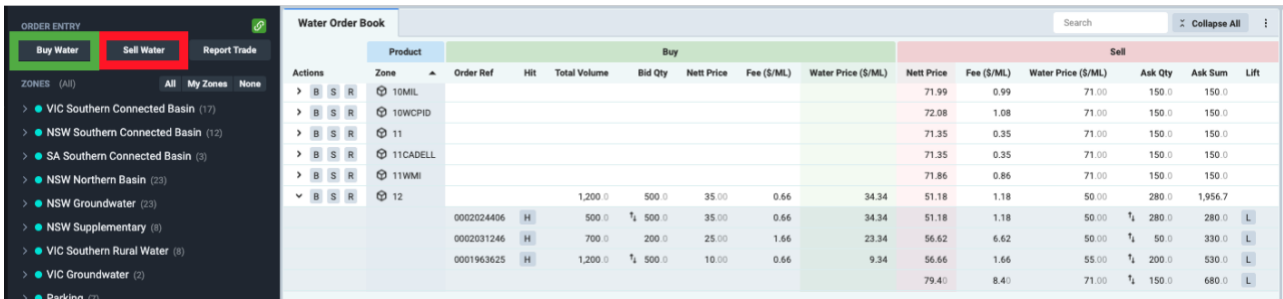

An Xpansiv[®] Market

How to trade on H2OX

Please see below an overview for trading on H2OX. For further information or help troubleshooting, please contact the team on 1800 988 118 or email us at trade.admin@h2ox.com.

1. How do I list an order?

- 1.1 Click on the “WATER” tab then select “Buy Water”, “Sell Water” or transfer between your own licenses by using “Report Trade”

1.2 Enter a Single order:

- Select Single at the top right of the Enter Order window (default option).
- Enter your Licence number or press the down arrow on your keyboard to select the license you wish to trade on.
- Enter the Total Quantity (in ML) you wish to buy or sell.
- All or None: Select “No” to allow your order to partially match, or Select “Yes” to ensure a full match only.
- Enter your bid/ offer Limit Price in dollars and cents. The market will adjust the prices for the relevant authority fees.
- Specify the order Expiry:
 - “DAY”- order will remain until the end of the current day
 - “GTC”- order will remain live until matched or canceled
 - “GTD”- order will remain until the selected date
 - “GTT”- order will remain until the selected time

Note: dates and times are relative to the UTC time displayed at the bottom right of the main window.

1.3 Enter Multi Orders:

- Select *Multi* at the top right of the Enter Order window. –
- Enter the details as described in 1.2 above. –
- Click the icon to add another row. The new row will be automatically filled in with the same license details which can be changed as required. –
- Click *Enter*
- Check the details of each entry on the *Confirm Order* window and click *Confirm* to put the order into the market.

2. How do I match and order already in the market?

2.1 See a parcel you like? You can *match* it directly from the market using the H “Hit” button to sell or L “Lift” button to buy.

- 3.3 You may wish to *hold* or *release* an order to manage price fluctuations around market sensitive announcements (e.g. allocation announcements, trade restriction openings, environmental water holder sales, etc.).
- Placing an order on “*Hold*” will remove it from the market and store it in the “ALL MYORDERS” orders tab.
 - You may “*Release*” the order back into the market at your convenience.
- 3.4 You can filter your orders using the buttons at the top of the Orders window.
