FEE TYPES

Account Registration Fee - Account Holder shall pay a one-time Registration Fee at the time that the Account is approved in the Registry. The Registration Fee is based upon the type of Account maintained by Account Holder.

Project Registration Fee - Account Holder shall pay a one-time Registration Fee at the time that the Project is approved in the Registry. The Registration Fee will be based upon the size of the Project registered. If Account Holder registers more than one Project, Account Holder will pay a separate Registration Fee for each Project registered.

Account Subscription Fee - Account Holder shall pay an annual Subscription Fee, payable at the time of Account registration approval in the Registry and is assessed annually on the anniversary of Account approval date.

Project Subscription Fee - Account Holder shall pay an annual Subscription Fee, payable at the time of Project registration approval in the Registry and is assessed annually on the anniversary of the Project's approval date. The Subscription Fee will be based upon the size of any Project registered. If the Account Holder registers more than one Project, the Account Holder will pay a separate Subscription Fee for each Project registered.

Volumetric Fees - Account Holder shall pay a monthly Volumetric Fee, which will be determined as follows:

Issuance Fee: Account Holder shall pay an issuance fee for each Certificate issued in the Registry for a project registered by the Account Holder.

Transfer Fee: Account Holder receiving Certificates into their Account shall pay a transfer fee for each Certificate received from another Account Holder.

Retirement Fee: Account Holder shall pay a retirement fee for each Certificate retired in the Registry.

Export Fee: Account Holder shall pay an export fee for each Certificate exported to another compatible tracking system.

Import Fee: Account Holder shall pay an import fee for each Certificate imported from another compatible tracking system.

All fees are listed in US Dollars (\$)
