Retirement Fee: \$0.03 per Certificate retired

FEE TYPES

Account Subscription Fee - Account Holder shall pay an annual Subscription Fee, payable at the time of Account registration approval in the Registry and is assessed annually on the anniversary of Account approval date.

Project Subscription Fee - Account Holder shall pay an annual Subscription Fee, payable at the time of Project registration approval in the Registry and is assessed annually on the anniversary of the Project's approval date. The Subscription Fee will be based upon the size of any Project registered and the type of Account maintained by the Account Holder. If the Account Holder registers more than one Project, the Account Holder will pay a separate Subscription Fee for each project registered.

Volumetric Fees – Account Holder shall pay a monthly Volumetric Fee, which will be determined as follows:

Issuance Fee: Account Holder shall pay an issuance fee for each Certificate issued in the Registry for a project registered by the Account Holder.

Transfer Fee: Account holder receiving Certificates into their Account shall pay a transfer fee for each Certificate received from another account holder.

Retirement Fee: Account holder shall pay a retirement fee for each Certificate retired in the account holder's retirement sub-account.
